*Allowable Subject Matter*

Claims 1-2, 11, 13, 16, and 20-21 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art of record individually or in combination does not teach claim 1 and claim 21, specifically the feature "the connector mounted on the circuit board having an elastically deformable compression-type connector terminal in conductive contact with the terminal on the wiring circuit board at a conductive contact position, the connector being shiftable in the horizontal direction on the circuit board." Prior art of record teaches a deformable compression type connector wherein the connector is not shiftable in the horizontal direction within in the confine of the device. Therefore, claims 2, 11, 13, 16, and 20. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
